Maritime Experts Seek Cause For Ship Collision, Sinking

Probe Launched In Sea Tragedy

NEW YORK (AP)—Three questions were raised in maritime circles today on what caused the collision of the Swedish liner Stockholm and the Italian liner Andrea Doria yesterday.

The collision cost at least seven lives, brought injury to hundreds and wrote an end to the multi-million-dollar luxury vessel, pride of the Italian merchant marine.

The sea experts asked: Was one of the ships off course? What happened to the radar? What happened to the Andrea Doria, constructed to prevent a sinking such as occurred?

On the first question mariners pointed out the Stockholm was at 40.30 degrees N. latitude and 69.50 degrees W. longitude when she rammed the Andrea Doria. If the ship had been following the track agreed upon in 1912 after the sinking of the Titanic, the Stockholm should have been at least 20 miles south of the location.

U. S. HYDROGRAPHIC Office charts call for vessels sailing east to Europe to proceed to 40.10 degrees N. latitude and 70 W. longitude and then turn in a direction to bring them to 42 N. latitude and 50 W. longitude.

Maritime officials conceded the Andrea Doria was traveling on the correct path since most westbound ships "home" by way of the Nantucket lightship.

Both ships were equipped with radar. The Stockholm carried two Radio Corp. of America Units. They were checked on Tuesday afternoon, the day before the ship left.

The Andrea Doria had a Raytheon Pathfinder radar made in Italy under franchise and an Italian-made unit.

The Raytheon unit had six ranges, from one to 20 miles. Radar experts said, however, either ship should have picked out the "pips" of the other ship at a range even farther than 20 miles.

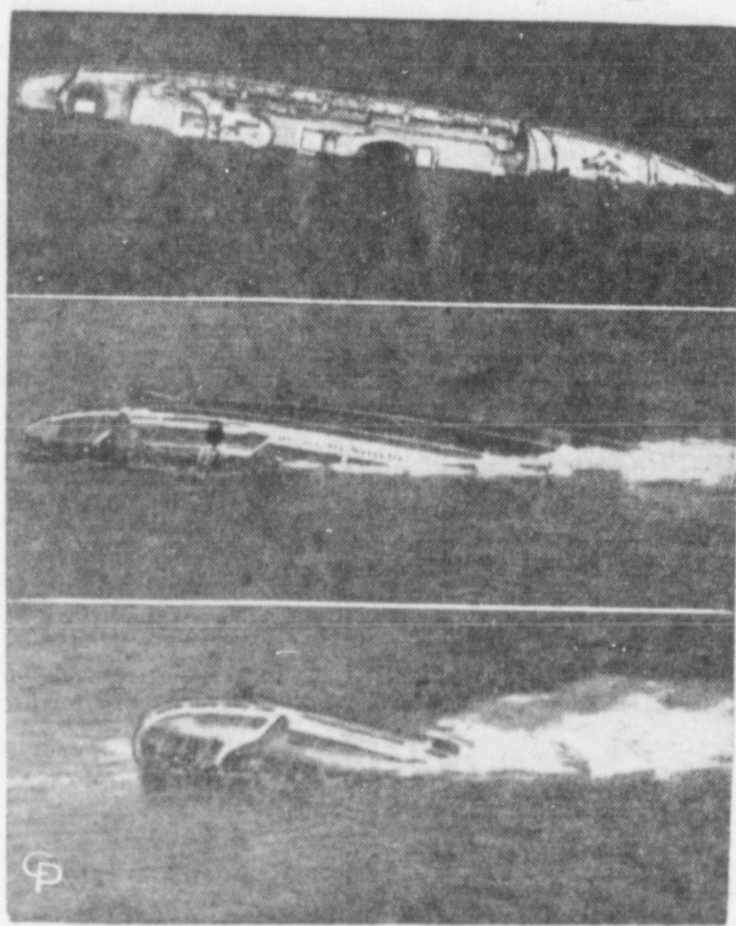

A crewman of the Andrea Doria said he saw the vessel's radar screen in operation after the collision.

NEW YORK (AP)—The saga of a thrillingly swift sea rescue is unfolding as survivors of the Andrea Doria disaster reach home.

The crippled motor ship Stockholm, carrying 533 persons from the Italian liner, is due today.

The deluxe, 30,000-ton Andrea Doria sank yesterday some 11 hours after a collision with the 12,600-ton Stockholm in heavy fog off the Massachusetts coast.

At least seven persons were reported dead, and hundreds were injured in the nighttime collision. But the immense rescue operation was believed to have accounted for every one of the 1,709 persons aboard the Andrea Doria.

Family Known Here Misses Ship Disaster

A desire to get back home have saved the lives of a family of four well known in Washington C. H.

Dr. and Mrs. Frederick (Ted) Preston and their two 11-year-old twin sons, Fred and Ned, had booked passage on the Andrea Doria, the Italian luxury liner that sank after a collision with the Stockholm, a Swedish liner, in the Atlantic near midnight Wednesday, but at the last minute, they changed their minds and sailed on the Ile de France because it was scheduled to arrive three days earlier than the Andrea Doria.

Mrs. Preston (the former Florence Sparks) called her parents, Mr. and Mrs. Henry Sparks, and her sister, Mrs. L. F. Everhart, here soon after the Ile de France docked Monday to let them know she and her family were home from Europe.

The Preston family had gone to Europe last February on the Andrea Doria and had planned to return aboard her.

They received word of the sinking of the liner at their home in Granville.

Dr. Preston, who teaches French and Spanish at Denison University was on sabbatical leave for the summer and he and his family spent the time in France and England.

During the war, Dr. Preston, a lieutenant in the Navy then, was on a ship that was sunk by an enemy torpedo in the Pacific. He made it safely to an island and later was picked up.

The Chamber of Commerce had offered Morgan B. Pennington, president of the bakery corporation, financial assistance in the sum of \$50,000 shortly after fire leveled the plant here on June 9. Pennington accepted the offer, pointing out that \$50,000 would offset a four-year saving in distribution costs which could be effected by moving

Modern Bakery To Be Ready In Six Months

Campaign Clinches Increased Payroll For Washington C.H.

Assurance that the Pennington Bread Corp's Washington C. H. plant will be rebuilt—with increased employment and an annual payroll in excess of a million dollars—came Friday noon with the announcement that the Chamber of Commerce financial assistance campaign has gone over the top.

A new streamlined commercial bakery will begin taking shape at 1104 Clinton Ave. within the next few weeks. The plant probably will be in production within six months, Howard G. Wright, Pennington Corp. vice president and local plant manager said.

Banked in escrow accounts Friday were \$30,225 in public subscription funds raised before Thursday midnight deadline and \$20,000 from the Chamber of Commerce Industrial Development Fund. The \$225 in excess of the \$30,000 subscription goal will be returned to the almost depleted Industrial Fund.

The public appeal, termed by C. of C. leaders as "an investment in the future of this city," was pushed to final victory in the allotted two weeks by a campaign committee made up of more than 50 local citizens.

THE CHAMBER of Commerce had offered Morgan B. Pennington, president of the bakery corporation, financial assistance in the sum of \$50,000 shortly after fire leveled the plant here on June 9. Pennington accepted the offer, pointing out that \$50,000 would offset a four-year saving in distribution costs which could be effected by moving

Contributions Still Accepted

While the Pennington financial assistance campaign has gone over the top, contributions still were coming in today and a few pledges still are outstanding.

Tom Mark, Chamber of Commerce president, and Mac Dews, chairman of the C. of C. fund drive committee, announced Friday morning that those who wish to be listed among the Pennington fund contributors may still make their contributions at the Chamber of Commerce office or to members of the campaign committee.

These contributions will be credited to the Pennington Fund, but all monies in excess of the \$30,000 set as the public subscription will be turned over to the C. of C. Industrial Development Fund which was badly depleted by the withdrawal of \$20,000 which went into the Pennington Fund. The Industrial Development Fund is used to attract new industries or assist with the expansion of existing industries.

Figures on a national basis are not much better. In Washington, the Agriculture department reported today that farmers had agreed through July 20 to retire enough land this year from surplus crops to collect \$165 million in payments under the soil bank. The program offers a total of \$1.2 billion a year.

Of this amount, \$111,275,000 will go to corn producers. Wheat growers will get \$31,005,000, cotton growers \$16,899,000, tobacco farmers \$4,617,000, rice producers \$739,393 and peanut farmers \$363,623.

The department said that 368,296 agreements signed through July 20 covered the retirement of 8,061,000 acres from production. Officials had set a 1956 goal of up to 15 million acres.

The soil bank sets limits on acreages for various basic crops. Many Ohio farmers, before the program was adopted, overplanted these limits.

That gave them a choice: Plow

He later signed a recorded agreement, promising continued operation here for a minimum of five years if the \$50,000 assistance fund was raised.

"INASMUCH as two or three months time, as well as a large annual money savings in transportation costs could have been effected by locating the new Pennington Bakery in Columbus, I must admit that I did not exhibit too much enthusiasm during my first few meetings with the Chamber of Commerce, in spite of the financial assistance that was offered. However, after witnessing the terrific enthusiasm and determination on the part of the Chamber members and the committee that was appointed, I must say that I too, became real proud of this plucky little city.

"Now that the campaign is over, and it has been determined that we will rebuild here, I find myself feeling happy for our employees who can retain their homes here in an effort, and I can honestly say that I am proud to be a part of a town which shows so much ambition and civic spirit—a town that

Hog Champ Brings \$40.50 cwt

Gene Gustin's grand champion 185 pound market pig brought \$40.50 a hundred at Thursday night's sale.

He was bought by the Producers Stockyards and the trophy was presented to his owner by Jerry Nessell, manager of the stockyards. The 170 pound reserve champion, owned by Roger Yeoman brought \$28.50, on the bid by Frozen Food Lockers.

The grand champion pen of three, weighing 220, 215 and 210, owned by Roger Yeoman was bought by the Eshelman Feed Co. for \$22.25 a hundred. His owner was presented the First National Bank trophy by William Wallace.

The reserve champion pen of three, weighing 215, 225 and 190, owned by Dickie Davidson, brought \$21 a hundred on the bid of the New Holland Grain Co.

The market hog show and sale was sponsored by the Fayette County Swine Breeders and Feeders Assn. The auction was conducted this year under the supervision of the Union Stockyards here.

Crowd Slower In Arriving

Overcast Skies Are No Deterrent

Although they were a little slower than usual in arriving, another good crowd was expected to turn out for the third day of the Fair and the harness racing program Friday afternoon.

Overcast skies and humid weather were not considered as a deterrent to the crowd; rather, it was believed at the secretary's office that since judging of exhibits had been completed and the livestock were all history, the Fairgoers were not in such a hurry to get there.

However, the last half of the Fair had its advantages—the crowd now can take its time to look over the Fair displays and exhibits with the award ribbons attached. They also have time to relax and have some fun on the Midway.

One of the highlights of the entire Fair was scheduled for Friday night—the sale of Junior Fair beef cattle and sheep. Grand champions of both shows will go on the auction block.

THURSDAY evening, 2,800 people came out to the Fair, the secretary's office reported—just a few less than a year ago the same night.

Close to 900 of that group went to the grandstand to take in the Ice Frolics, which will be staged again Friday evening.

Just prior to the ice show, the grandstand was nearly filled for the livestock parade, which featured many of the champions chosen so far. The parade was narrated by Phil Grover, associate county agent, and Sam Marting, Fair director, with the assistance of Carl Witt.

Led off by the saddle horse club members, the Fair included Queen Carolyn Crago, the monarch of the Junior Fair. Her King, Roger Sollars, was called upon to do chauffeur duty for her in the parade.

A banner crowd turned out at the DP&L tent for the senior 4-H fashion show. Marilyn Writsel was named winner of the "complete outfit" division in the show—the top section of the event.

Gate at the Fair Thursday during the day was 2,055. Of these, 1,009 went into the grandstand for the four harness races on the day's docket.

Late Friday morning, activities were described as "a bit slow." All judging was finished and the afternoon attractions had not yet started, so not too many people were out. Attendance was expected to turn upward in the afternoon and evening, however.

Only 5 Pct. Ohio Farmers Sign Up for '56 Soil Bank

By ART PARKS

COLUMBUS (AP)—Not too little, but too late—for this year.

That, in a nutshell, is the reaction of Ohio farmers to the new federal soil bank program.

It explains, partially, why only five per cent of the Buckeye State's 177,000 farms have signed up for the program aimed at putting some land in reserve.

But there are other reasons: 1. Thousands of Ohio farmers look upon the soil bank as "government charity." They want no part of it.

2. Many others are ineligible because of the nature of their farming operations.

Most eligible farmers in Ohio already had their crop years planned and some had finished planting their 1956 crops by the time Congress adopted the soil bank program and its organization was completed.

Today, with the sign-up dead line only hours away, an estimated 9,000 farms have pledged about 100,000 Ohio acres to the soil bank.

That is only about one-half of one per cent of Ohio's productive acres.

Figures on a national basis are not much better. In Washington, the Agriculture department reported today that farmers had agreed through July 20 to retire enough land this year from surplus crops to collect \$165 million in payments under the soil bank. The program offers a total of \$1.2 billion a year.

Of this amount, \$111,275,000 will go to corn producers. Wheat growers will get \$31,005,000, cotton growers \$16,899,000, tobacco farmers \$4,617,000, rice producers \$739,393 and peanut farmers \$363,623.

Senate Panel Kills Postal Hike Bill

WASHINGTON (AP)—A Senate Postoffice subcommittee yesterday killed the administration's postal rate increase bill for this session of Congress.

The bill proposed an increase to four cents for letter mail. It would also boost rates on other classes of mail.

The House passed the measure.

Cincy Plant Burns

CINCINNATI (AP)—Fire officials at suburban Elmwood Place estimated \$150,000 damage was caused late yesterday by a fire at the Oscar Phillips Co.

under a part of their growing crops or wait until 1957 to participate in the new program.

A large percentage of them said: "We'll wait until 1957."

Despite the late effective date, the soil bank program will take thousands of Ohio acres out of production this year. Next year, the figure probably will be much larger.

The reduction of the number of acres in production, soil bank backers believe, will accomplish two things:

(1) slash America's staggering crop surpluses and (2) permit good conservation practices on the idle acres to build them up against the day they might be needed in a national emergency.

Because of the time factor, the conservation end of the soil bank still remains to be worked out and, also because of the newness of the program, some changes in the reserve acres plan may be made for the 1957 crop year.

But already, farmers are talking.

Steel Accord Reached; End of Strike Nearing

BULLETIN

NEW YORK (AP)—The steel strike was settled on the basis of a three-year contract embracing a 45.6 cent per hour package increase over that period.

NEW YORK (AP)—A settlement of the 27-day nationwide steel dispute was announced today but a formal end to the strike will not come until early next week.

David J. McDonald, president of the United Steelworkers of America, announced at a news conference the settlement had been reached with John A. Stephens, chief industry negotiator, sitting beside him and nodding agreement.

McDonald said that it will take "several days," however, before individual contracts with the steel companies can be completed and signed.

He said a return to work of the 650,000 striking steelworkers must wait until the signing of those contracts.

No terms of the settlement were announced immediately.

There have been uncontradicted reports for the past three days that the settlement embraces a three-year contract with approximately a 50-cent an hour package spread over that period.

McDONALD ANNOUNCED the settlement with the following brief statement:

"The eight negotiators on behalf of the United Steelworkers of America and the 12 basic steel companies at noon today reached a basis of settlement.

"Each individual company and the union negotiating group will now meet for the purpose of completing labor contracts. This will necessarily take several days.

"At the conclusion of the labor contracts the strike will terminate.

"This basis of settlement must be ratified by the International Wage Policy Committee before it is a settlement as such. We intend to work day and night to conclude all documents."

McDonald said the union's 31-man Executive Board would meet immediately to hear the settlement terms and that this meeting would be followed by

one of the Wage Policy Committees.

McDonald said the actual return to work of the steelworkers cannot come until the individual contracts are signed and said that he would "prefer" that all the contracts could be agreed on simultaneously so there would be a mass return to work early next week.

Stephens entered the conference room at the Hotel Roosevelt with the remark that "we have arrived at a point where you don't have to accuse us any longer of evasiveness."

Egypt Grabs Suez Canal

LONDON (AP)—Diplomatic relations between Egypt and the British and French governments reached a crisis today over Egypt's seizure of the Suez Canal Co. under nationalization.

The company was French-controlled and the British government held 44 per cent of its stock. This dropped 21 per cent on the Paris market and the French franc, already stagger-

ing under the impact of inflation, lost more of its value in relation to gold.

Egypt's President Gamal Abdel Nasser announced last night Egypt was expropriating the 101-mile canal and would use its revenues to finance the Aswan Dam.

Fair Judging Completed

Hog Champ Brings \$40.50 cwt

Gene Gustin's grand champion 185 pound market pig brought \$40.50 a hundred at Thursday night's sale.

He was bought by the Producers Stockyards and the trophy was presented to his owner by Jerry Nessell, manager of the stockyards.

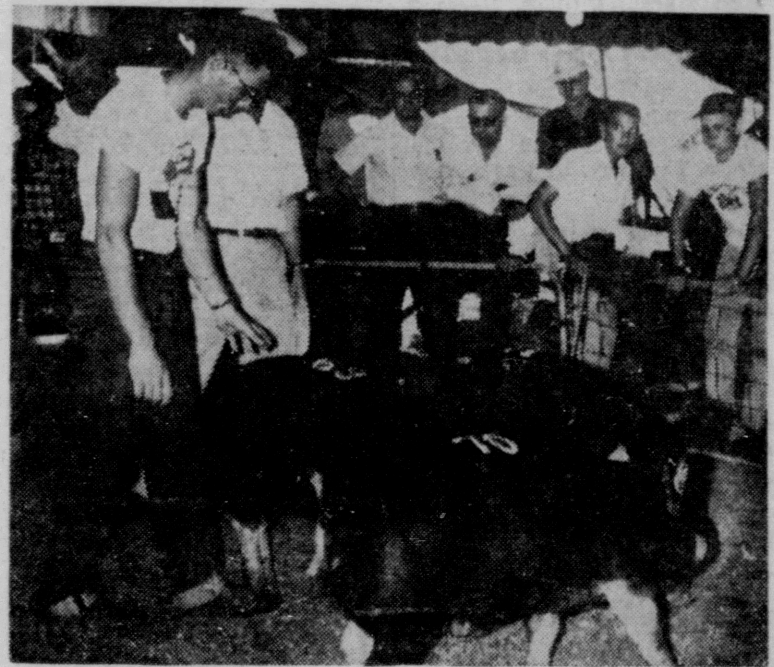

The 170 pound reserve champion, owned by Roger Yeoman brought \$28.50, on the bid by Frozen Food Lockers.

The grand champion pen of three, weighing 220, 215 and 210, owned by Roger Yeoman was bought by the Eshelman Feed Co. for \$22.25 a hundred. His owner was presented the First National Bank trophy by William Wallace.

The reserve champion pen of three, weighing 215, 225 and 190, owned by Dickie Davidson, brought \$21 a hundred on the bid of the New Holland Grain Co.

The market hog show and sale was sponsored by the Fayette County Swine Breeders and Feeders Assn. The auction was conducted this year under the supervision of the Union Stockyards here.

Crowd Slower In Arriving

Overcast Skies Are No Deterrent

Although they were a little slower than usual in arriving, another good crowd was expected to turn out for the third day of the Fair and the harness racing program Friday afternoon.

Overcast skies and humid weather were not considered as a deterrent to the crowd; rather, it was believed at the secretary's office that since judging of exhibits had been completed and the livestock were all history, the Fairgoers were not in such a hurry to get there.

However, the last half of the Fair had its advantages—the crowd now can take its time to look over the Fair displays and exhibits with the award ribbons attached. They also have time to relax and have some fun on the Midway.

One of the highlights of the entire Fair was scheduled for Friday night—the sale of Junior Fair beef cattle and sheep. Grand champions of both shows will go on the auction block.

THURSDAY evening, 2,800 people came out to the Fair, the secretary's office reported—just a few less than a year ago the same night.

Close to 900 of that group went to the grandstand to take in the Ice Frolics, which will be staged again Friday evening.

Just prior to the ice show, the grandstand was nearly filled for the livestock parade, which featured many of the champions chosen so far. The parade was narrated by Phil Grover, associate county agent, and Sam Marting, Fair director, with the assistance of Carl Witt.

Led off by the saddle horse club members, the Fair included Queen Carolyn Crago, the monarch of the Junior Fair. Her King, Roger Sollars, was called upon to do chauffeur duty for her in the parade.

A banner crowd turned out at the DP&L tent for the senior 4-H fashion show. Marilyn Writsel was a named winner of the "complete outfit" division in the show—the top section of the event.

Gate at the Fair Thursday during the day was 2,055. Of these, 1,099 went into the grandstand for the four harness races on the day's docket.

Late Friday morning, activities were described as "a bit slow." All judging was finished and the afternoon attractions had not yet started, so not too many people were out. Attendance was expected to turn upward in the afternoon and evening, however.

Only 5 Pct. Ohio Farmers Sign Up for '56 Soil Bank

By ART PARKS

COLUMBUS (AP)—Not too little, but too late—for this year.

That, in a nutshell, is the reaction of Ohio farmers to the new federal soil bank program.

It explains, partially, why only five per cent of the Buckeye State's 177,000 farms have signed up for the program aimed at putting some land in reserve.

But there are other reasons:
1. Thousands of Ohio farmers look upon the soil bank as "government charity." They want no part of it.

2. Many others are ineligible because of the nature of their farming operations.

Most eligible farmers in Ohio already had their crop years planned and some had finished planting their 1956 crops by the time Congress adopted the soil bank program and its organization was completed.

Today, with the sign-up deadline only hours away, an estimated 9,000 farms have pledged about 100,000 Ohio acres to the soil bank.

That is only about one-half of one per cent of Ohio's productive acres.

Figures on a national basis are not much better. In Washington, the Agriculture department reported today that farmers had agreed through July 20 to retire enough land this year from surplus crops to collect \$165 million in payments under the soil bank. The program offers a total of \$1.2 billion a year.

Of this amount, \$111,275,000 will go to corn producers. Wheat growers will get \$1,005,000, cotton growers \$16,899,000, tobacco farmers \$4,617,000, rice producers \$739,393 and peanut farmers \$363,623.

The department said that 368,296 agreements signed through July 20 covered the retirement of 8,061,000 acres from production. Officials had set a 1956 goal of up to 15 million acres.

The soil bank sets limits on acreages for various basic crops. Many Ohio farmers, before the program was adopted, overplanted these limits.

That gave them a choice: Plow

Senate Panel Kills Postal Hike Bill

WASHINGTON (AP)—A Senate Postoffice subcommittee yesterday killed the administration's postal rate increase bill for this session of Congress.

The bill proposed an increase to four cents for letter mail. It would also boost rates on other classes of mail.

The House passed the measure.

under a part of their growing crops or wait until 1957 to participate in the new program.

A large percentage of them said: "We'll wait until 1957."

Despite the late effective date, the soil bank program will take thousands of Ohio acres out of production this year. Next year, the figure probably will be much larger.

The reduction of the number of acres in production, soil bank backers believe, will accomplish two things:

(1) slash America's staggering crop surpluses and (2) permit good conservation practices on the idle acres to build them up against the day they might be needed in a national emergency.

Because of the time factor, the conservation end of the soil bank still remains to be worked out and, also because of the newness of the program, some changes in the reserve acres plan may be made for the 1957 crop year.

But already, farmers are talking about it.

Steel Accord Reached; End of Strike Nearing

BULLETIN

NEW YORK (AP)—The steel strike was settled on the basis of a three-year contract embracing a 45.6 cent per hour package increase over that period.

NEW YORK (AP)—A settlement of the 27-day nationwide steel dispute was announced today but a formal end to the strike will not come until early next week.

David J. McDonald, president of the United Steelworkers of America, announced at a news conference the settlement had been reached with John A. Stephens, chief industry negotiator, sitting beside him and nodding agreement.

McDonald said that it will take "several days," however, before individual contracts with the steel companies can be completed and signed.

He said a return to work of the 650,000 striking steelworkers must wait until the signing of those contracts.

No terms of the settlement were announced immediately.

There have been uncontradicted reports for the past three days that the settlement embraces a three-year contract with approximately a 50-cent an hour package spread over that period.

McDONALD ANNOUNCED the settlement with the following brief statement:

"The eight negotiators on behalf of the United Steelworkers of America and the 12 basic steel companies at noon today reached a basis of settlement.

"Each individual company and the union negotiating group will now meet for the purpose of completing labor contracts. This will necessarily take several days.

"At the conclusion of the labor contracts the strike will terminate.

"This basis of settlement must be ratified by the International Wage Policy Committee before it is a settlement as such. We intend to work day and night to conclude all documents."

McDonald said the union's 31-man Executive Board would meet immediately to hear the settlement terms and that the meeting would be followed by

one of the Wage Policy Committees.

McDonald said the actual return to work of the steelworkers cannot come until the individual contracts are signed and said that he would "prefer" that all the contracts could be agreed on simultaneously so there would be a mass return to work early next week.

Stephens entered the conference room at the Hotel Roosevelt with the remark that "we have arrived at a point where you don't have to accuse us any longer of evasiveness."

McDonald said that it will take "several days," however, before individual contracts with the steel companies can be completed and signed.

Revaluation Work To Start within 60 Days

Reappraisal Contract Signed

Work will start within the next 60 days on a complete inspection and reappraisal of all realty property in Fayette County.

It is expected to be completed within 18 months ready for all new values to be placed on the 1958 tax duplicate in time for the first collection of taxes on all valuations in the December collection of that year.

County Auditor Harry R. Allen today signed a contract with the Cole-Layer-Trumble Co. of Dayton at a price of \$42,000 for the work. For the first time, the entire job is to be done by one company.

The contract with the Cole-Layer-Trumble Co., carries this provision relative to the start and completion of the work:

"The company agrees to commence the work of revaluation and reappraisal set forth above within 60 days from the acceptance of this contract and to prosecute the same without interruption until its completion.

"It is agreed that the company will complete the program and submit the finished reports to the Fayette County auditor in time for the orderly preparation of the 1958 tax duplicate."

DURING THE 60 day period before actual countywide reappraisal starts, supplies will be brought in

which will also include a new card system of all realty property in the county to be installed in the county auditor's office which will make more efficient the handling of all tax matters on such property. This never has been done before.

Prices covering the work was received from five accounting firms. These quotations ranged from \$42,000 up to \$70,000. Others from whom quotations were received were L. E. Thomas Co. and the Clemenshaw Corp. of Cleveland; Doane Agricultural Service, Inc., of Ames, Iowa, and Thomas J. Scott, Cleveland.

Glenn Roberts and Lloyd McGuire, representing the company which will do the reappraisal, spent the morning here Friday with Auditor Allen in completing details of the contract signed.

THEY STATED that the Dayton company, which did the last reappraisal here in Washington C. H. and in villages of the county in 1949, this year also will do the entire rural appraisal as well. This organization has done complete reappraisal in 65 of Ohio's 88 counties and has a nationwide reputation as experts in this line.

The reappraisal will be based, as required by the Ohio Department of Taxation, on cost of reproduction of buildings in the year 1950, subject to depreciation

tion. The state tax department will then tell the county auditor what percentage of the true cost may be used to apply on all properties on the tax duplicate.

Another new move in this procedure will be the listing and valuation of all exempted public realty property such as schools, churches, public buildings etc. While such property will not be taxed, the state wants this list for checking purposes. The county auditor is to retain a copy.

THE REAPPRAISAL work in this county is a year behind schedule but this delay was approved by the state due to the illness and death of the former county auditor, Ulric Acton, about the time a reappraisal was to be made.

County taxing officials here are hopeful that the new reappraisal will not bring about a general increase in tax valuations of realty property when all new buildings and improvements are inspected and appraised; that the amount to be added to the '58 tax duplicate in this way may be sufficient to meet the revenue required to meet the county's budget.

The Dayton company's representatives said that every effort is to be made to obtain a fair and equitable adjustment of values which may lower valuations of some properties as well as raising others.

Miami Trace Bond Issue Proposal Is Challenged

Legality of the \$1,652,500 bond issue proposal of the Miami Trace School District has been challenged by the Rural Parents Association through its attorneys, George Greek, King and McMahon of Columbus.

The challenge, in the form of a letter to the Miami Trace School Board, cites the Revised Code of Ohio to support the contention that a bond issue proposal "shall relate only to one purpose."

It then points out that the Miami Trace School District's proposal has at least two purposes: 1. Construction of a new high school building and 2. Improvements to existing school buildings, which include indoor toilet facilities for two elementary schools.

The RPA attorneys contend in the letter that, "if two purposes are proposed, each should appear in a separate resolution."

The reason for the statute is clear, the letter said, because "it affords the electors the opportunity to vote for or against the separate purposes as they so desire."

They also point out that "electors who are not in favor of a bond issue to construct a new high school under the conditions you propose will be required to vote against the indoor toilets in your existing buildings, despite their recognition of the acute need for such installations."

It was noted at the end of the letter that a copy of it be sent to each member of the Miami Trace District Board and its clerk.

THE LETTER follows in full: "We understand that your board of education is contemplating a proposed bond issue to be submitted to the voters at the General Election, November, 1956. It is reported that this bond issue will be similar to your bond issue which was defeated at the General Election, November, 1955, in that its purpose will be twofold:

"1. Construction of a new high school building.

"2. Improvements to existing school buildings which include indoor toilet facilities for two elementary school buildings.

"We wish to refer to Section 133.10 of the Revised Code of Ohio, which provides that the resolution of necessity regarding the bond issue shall relate only to one purpose. That section is as follows:

"The resolution provided for in section 133.09 of the Revised Code shall relate only to one purpose. 'One purpose' includes, in the case of a county or township, any number of roads, highways, bridges, and viaducts; in the case of a municipal corporation, any number of streets, bridges, and viaducts, including the municipal corporation's share in streets to be improved in part by assessment; in the case of a school district, any number of school buildings; and in any case, all expenditures, including the acquisition of a site and purchase of equipment, for any one utility, building, or other structure, or group of buildings or structures for the same general purpose.

Miss Mary A. Carr Gets Scholarship

Miss Mary Anna Carr, 507 S. North St., is today the holder of the Galbreath scholarship from Ohio University which will aid her during her freshman year.

Miss Carr was selected for the scholarship by the school from among applicants from all over Ohio. High scholastic standing and chances of making an excellent record at college were factors in the selection.

Total amount of the award is \$150, of which \$75 will be paid each semester during her first year. At the end of her first year, she can make application for further aid contingent upon her freshman grades.

A 1956 graduate of Washington C. H. High School, Mary Anna will study home economics. In high school she concentrated on home economics and college preparatory work.

The daughter of Mr. and Mrs. John D. Carr, Mary Anna is 18 years old.

Game of Week In SWO at Jeff Sunday

The game-of-the-week in the Southwestern Ohio (SWO) League is in prospect for Jeffersonville when the Chillicothe Businessmen's team from Chillicothe goes there to battle it out with the Jeff outfit for the top spot in the loop.

After last Sunday's games, the Chillicotheans climbed into a tie with the Jeffersonvillians by winning their game while the Jeffersonville boys were being upset.

As the two teams get ready for Sunday's tilt, they both have a record of 8 and 3 to lead the parade together.

Third place Bainbridge is to play next-to-last place Hillsboro at Hillsboro, and a win would put the Bainbridgers in a tie for second place.

Milledgeville, in fourth place with a 6-5 record, is to play the last place Chillicothe All Stars, who have not yet won a game.

Blanchester with a 4-4 record is to play at the Chillicothe Reformatory and Good Hope, in the middle of the standing with a 4-5 record is to play at Wilmington.

Roger Hays, son of Mr. and Mrs. Ralph Hays, is out of the army and back home ready to get back to farming with his father near Madison Mills. As a private first class, he spent 14 months in Germany, near Munich.

Mrs. Hays and their two children, Tony and Timmy, who were there for more than a year, returned with him.

DEPUTIES APPROVED

CHILLICOTHE— Sheriff Fred Heinzelmann has appointed 14 deputies in various parts of the county.

Game of Week In SWO at Jeff Sunday

The game-of-the-week in the Southwestern Ohio (SWO) League is in prospect for Jeffersonville when the Chillicothe Businessmen's team from Chillicothe goes there to battle it out with the Jeff outfit for the top spot in the loop.

After last Sunday's games, the Chillicotheans climbed into a tie with the Jeffersonvillians by winning their game while the Jeffersonville boys were being upset.

As the two teams get ready for Sunday's tilt, they both have a record of 8 and 3 to lead the parade together.

Third place Bainbridge is to play next-to-last place Hillsboro at Hillsboro, and a win would put the Bainbridgers in a tie for second place.

Milledgeville, in fourth place with a 6-5 record, is to play the last place Chillicothe All Stars, who have not yet won a game.

Blanchester with a 4-4 record is to play at the Chillicothe Reformatory and Good Hope, in the middle of the standing with a 4-5 record is to play at Wilmington.

Miss Mary A. Carr Gets Scholarship

Miss Mary Anna Carr, 507 S. North St., is today the holder of the Galbreath scholarship from Ohio University which will aid her during her freshman year.

Miss Carr was selected for the scholarship by the school from among applicants from all over Ohio. High scholastic standing and chances of making an excellent record at college were factors in the selection.

Total amount of the award is \$150, of which \$75 will be paid each semester during her first year. At the end of her first year, she can make application for further aid contingent upon her freshman grades.

A 1956 graduate of Washington C. H. High School, Mary Anna will study home economics. In high school she concentrated on home economics and college preparatory work.

The daughter of Mr. and Mrs. John D. Carr, Mary Anna is 18 years old.

We May Well Be Proud of This Achievement

This community can congratulate itself today on a job well done.

A campaign to raise \$30,000 by public subscription as a part of a \$50,000 financial aid offer by the Washington C. H. Chamber of Commerce to the Pennington Corp. has been pressed to successful completion through the tireless efforts of workers representing almost every facet of community life — and through the generous participation of a far-seeing citizenry.

This heart-warming display of public spirit will produce almost immediate tangible results — a brighter economic picture for Fayette County where the constant interchange of dollars from the big Pennington payroll rings hundreds of cash registers, large and small.

We have assurance now that an industry which has been a substantial factor in our business life for 18 years will rise out of the ashes of a disastrous fire — that it not only will again be a part of our community, but bigger than ever production-wise and employment-wise.

Saving the jobs of approximately 200 of

our fellow citizens can't be regarded, however, as merely a cold dollar-and-cents proposition. The success of this campaign means far more than that in human terms, because we know now that our good friends and neighbors, the loyal Pennington workers and their families, are going to remain with us — in our churches, our schools, our lodges.

Actually, this campaign has been a kind of experiment in Brotherhood — the ideal of service to the "other fellow", especially in time of trouble. It cannot help but produce a firmer cementing of civic relationships.

And there is a less tangible result which also can be lasting.

We have proved to ourselves that we as a community can tackle almost any important task and get it done. The leadership and that necessary awareness of personal responsibility in a major public undertaking are not wanting in Washington Court House.

We recognized our duty. We did the job well, and we can be proud of it.

No Life Upon Cloud No. 9

By Hal Boyle

NEW YORK (U.S.)—Many young girls have the Cinderella dream of marrying a millionaire, but they rarely think much about what would happen if their dream came true.

They have a rather vague idea that this would solve all their problems, that they'd simply float happily on through life aboard golden cloud No. 9.

But Marjorie Steele, a girl who did meet and marry a millionaire, says the world isn't that simple.

"Money doesn't change your life so much," she said. "You don't possess anything really unless you earn it yourself."

From childhood Marjorie had wanted to become an actress. She was studying acting in Hollywood and working as a cigarette girl in a night club when she first met her husband, Huntington Hartford, the grocery store heir.

Before that she had held a lot of other odd jobs. She had delivered dog biscuits, sold shoes, filed bills for the telephone company, worked as a movie usherette and a waitress.

In Hollywood, a tall skinny kid of 17 "with knobby knees," she was down to her last \$5 when

the night club gave her employment.

Marriage and motherhood (she and Hartford have two children) interrupted her career, but didn't halt it. The idea of a life of idle wealth appalled her.

"To me the only real comfort in life lies in the feeling of accomplishment," she remarked. "Too many people with money get bored young. They become afraid of getting deeply involved in life for fear of being hurt."

"But how can you get any real joy out of living unless you do something to earn your own way in the world?"

Two years ago Marjorie began to make her mark in the theater in a starring role in the London production of "Sabrina Fair."

But her biggest girlhood dream came true only recently when her name went up in lights on Broadway. She succeeded Barbara Bel Geddes in the hit play, "Cat on a Hot Tin Roof."

To her it has meant a greater sense of security than can be found in money.

"One reason I wanted to be an actress is that as a kid I had a feeling of insecurity and inferiority," she said. "I think that's

why many people turn to the theater for a career. To do a good job in it helps you forget that feeling. It's a live and exciting world, full of exciting people."

"But I have been lucky, because my husband likes the idea of my acting. He has encouraged me."

Hartford, who is also proud of his wife's talent as a painter (she's had two shows of her own), is deeply interested in the arts. He is active in half a dozen fields himself, ranging from the operation of a successful model agency to the building of automatic garages. He is planning a new modern art gallery here.

Marjorie, at 25 a slender brown-haired beauty with gray eyes, says her only fears are of being personally inadequate, or of failing to give my children the right sense of values.

"If wealthy parents don't do anything worthwhile, their children are likely to grow up with a confused idea toward work. I feel it's unhealthy to anyone not to work at something useful. To do nothing is to feel like nothing. What could be more destructive?"

New York Fuss Spotlights Dewey

By George Sokolsky

As the election approaches, the Republicans in New York State find themselves in a more desperate situation than most of them are willing to admit. They can lose that state with its 45 electoral votes because of an internecine fight over the candidacy for the United States Senate.

Thus far, the most successful projected aspirant is Jacob Javits, the attorney general, whom most Republicans do not want for many reasons, some of which no one wants to say out loud yet. On the other hand, there is a deal between Javits and Oswald Heck, a powerful member of the state legislature who aspires to be the candidate for governor.

Heck is hardly known in the New York City metropolitan area but is popular upstate; Javits has organized political power among the minority groups in New York City and has a following among the socialistic Liberal Party members but is disliked by upstate Republicans who wonder how he ever worked his way into the Republican party. So Heck and Javits combined to boost each other—Javits for U. S. senator in 1956; Heck for governor in 1958.

The danger to the Eisenhower-Nixon ticket this year is that this plan is splitting the Republicans in this crucial state and that many will stay at home on election day rather than vote for Javits. If the Democratic candidate is Herbert Lehman, these Republicans will have no one to vote for. And this has nothing to do with anti-Semitism. It is just that most Republicans are conservatives and do not care to vote for leftwingers.

So, they are pinning their hopes on the ability of the party management to convince Tom Dewey, the erstwhile candidate for the presidency, to run for United States senator. They hold that Dewey can win hands down. Thus far, Dewey has shown reluctance. He is said to be delighted with his private law practice and the comfort of earning some money after a long career in public life.

On the other hand, it is generally believed that John Foster

Dulles is reaching a saturation point in the amount of intrigue he has to surmount in the State Department. With Harold Stassen, W. H. Jackson, C. D. Jackson (out of office), Dr. Milton Eisenhower, Paul Hoffman and now Sherman Adams, all putting their mixing spoons into the foreign affairs pot, with the Achsen left-overs sticking their legs out for Dulles and Herbert Hoover, Jr., to trip over, it is beginning to be a bit wearisome.

Therefore, if Dulles should resign after election day, if Eisenhower is reelected, it is believed that the president would offer Dewey the secretaryship of state.

Dewey would make a competent secretary of state and would clean up the kitchen mess in which too many cooks have already spoiled too much. Harold Stassen is also said to aspire to this position or any other, but it is generally accepted that the President would prefer Dewey.

Therefore Thomas E. Dewey finds himself besieged by New York State Republicans to announce himself as an aspirant for the U. S. Senate candidacy; many national Republicans want him to hold himself in readiness to succeed Dulles; and his partners undoubtedly want him to stay with his present firm to which he has brought considerable business.

Dewey is a peculiar personality in that while he makes few warm friends, he is admired for his ability as an administrator and his capacity to grasp the innards of a problem. He was an extraordinarily competent governor of New York. Twice he tried for the Republican presidential

nomination — really three times, if all the facts are clear. He was beaten for election by his own obstinacy.

He, Sherman Adams and Henry Cabot Lodge Jr., picked Eisenhower and boomed him so competently that Republican businessmen made pilgrimages to Paris where Eisenhower then was. They put Eisenhower over on the first ballot at the 1952 Republican convention, although most of the professionals in the party favored Sen. Robert A. Taft.

Taft followers have never forgiven Dewey for 1952. However, as a United States senator, he will have opportunities to win them over for what political value they now have. As secretary of state, he could only antagonize them.

If the Republicans should succeed in organizing the Senate, Dewey's position would immediately become a significant one, for whereas he would be a junior in the Senate, he possesses marked seniority in his party.

Health of Some People Affected by Weather

By HERMAN N. BUNDESEN

Do you like this warm summer weather better than those cool days of last winter? If you do, chances are you're on the slender side or at least of normal weight.

Thin persons usually enjoy the warm weather more than their stout friends. But they react unfavorably to a cold wave. The weather plays an important part not only in our general health, but also in our day-to-day moods.

A cold rain, for example, frequently alters the disposition of slender persons considerably. It may bring on a state of physical and mental fatigue even though they had been in a pleasant mood only hours before.

Thunderstorms, incidentally, are directly related to many illnesses and even deaths.

Abrupt Changes

The abrupt changes in barometric pressure and high humidity accompanying a storm can precipitate an asthmatic attack. And statistics show that a high number of heart failures occur during thunderstorms.

You have probably noticed that it's much easier for you and the children to become irritable and restless on stormy days. It's

easier to become ill on such days, too.

For a further example of what the weather might do, let's look at some suicide statistics from Chicago.

These statistics revealed that unsettled, cold weather brought an increase in the number of slender persons committing suicide while those of considerable girth and weight generally waited for warm weather before ending it all.

Greater Difficulty

If you're seriously overweight, I think you'll find you have greater difficulty adjusting to high temperatures than you have to cold or even frigid weather.

With every change in the weather there's a physiological change in you. The weather affects every chemical and metabolic process in your body—your body temperature, blood pressure, pulse, even the urine.

So what can we do? For one thing, let's enjoy this summer weather as long as and as much as we can because, before we know it, colder weather will be here. And that means more colds, sore throats, earaches and other ills.

Woman Mistaken For Prowler, Is Shot by Husband

CINCINNATI (U.S.)—Mistaken for a prowler by her husband, Mrs. Marjorie Woodruff, 35, was shot in the head and critically wounded today at her home on Ohio 125 near Bantam, Clermont County, police reported. She was rushed to a hospital here.

Russell Woodruff, 35, said he mistook his wife for a prowler several hours after they and their 14-year-old daughter, Sandra, saw a man hiding in the bushes near the living room window.

He reported the three of them watched the man for some time, then the daughter went to bed. Then, he continued, he saw the silhouette of a head at a bedroom window and "when it appeared the second time I fired."

It was his wife however Woodruff said. He said she had slipped into the bedroom while he still thought she was behind him in the living room.

Greater Difficulty

If you're seriously overweight, I think you'll find you have greater difficulty adjusting to high temperatures than you have to cold or even frigid weather.

With every change in the weather there's a physiological change in you. The weather affects every chemical and metabolic process in your body — your body temperature, blood pressure, pulse, even the urine.

So what can we do?

For one thing, let's enjoy this summer weather as long and as much as we can because, before we know it, colder weather will be here. And that means more colds, sore throats, earaches and other ills.

QUESTION AND ANSWER

R. W.: What causes ankles to swell? Is it due to kidneys or heart?

Answer: The most common causes of swollen ankles are heart and kidney diseases.

In kidney disease, there may be a general swelling of the body. In heart disease, the swelling is in the lower part of the body.

Woman Mistaken For Prowler, Is Shot by Husband

CINCINNATI (AP) — Mistaken for a prowler by her husband, Mrs. Marjorie Woodruff, 35, was shot in the head and critically wounded today at her home on Ohio 125 near Bantam, Clermont County, police reported. She was rushed to a hospital here.

Russell Woodruff, 35, said he mistook his wife for a prowler several hours after they and their 14-year-old daughter, Sandra, saw a man hiding in the bushes near the living room window.

He reported the three of them watched the man for some time, then the daughter went to bed.

Then, he continued, he saw the silhouette of a head at a bedroom window and "when it appeared the second time I fired."

It was his wife, however, Woodruff said. He said she had slipped into the bedroom while he still thought she was behind him in the living room.

Church Dating Popular Among Young People

The new theme is church dating. Boys and girls are making dates to attend church just as they do parties.

As one mother put it, "I was against the all-night prom parties. But look what came out of it?"

I relented at the last moment because finally the community sponsored the party at a local restaurant, and all the young people were properly chaperoned. The idea was for the boys to stay at the girls' house after the party. The young people got home at 5 o'clock, went to sleep and then got up and went off to church."

It has continued. Church pews are filled with young couples, and even the church functions — socials, auctions and suppers are attracting them.

THE ROUTINE is that boy meets girl for church, then returns to girl's house for late breakfast on early Sunday dinner.

"Very much like when I was a girl," one granny said. "In those days church was a standard date on Sunday, only usually the rest of your family tagged along to make sure you'd get there safely."

One popular girl, with several beaux, says she alternates her church dates.

"Sometimes," she says, "I go to my date's church and then go back to his house for dinner."

Along with new ideas in dating, there is a trend to spurn spend-money dating, one girl says. She thinks girls have a better sense of values nowadays, and do not insist that their dates spend money just to prove they like them. Very few young people, she says, go out to dance and dinner spots as their older brothers and sisters did. They

would rather save money for some special project.

A FAVORITE date is the old-fashioned one — the boy comes to the house to play piano, watch television or play games like Scrabble or Yahtzee, the new rage. Ice-cream and cookies or a sandwich may be eaten.

One girl says her beau helps her with the cooking every Sunday night and they have a wonderful time. Surprises are planned for the rest of the family who stay out of the way of the amateur chefs.

Young people go to bed earlier now on Saturday nights and get up earlier on Sundays. Sometimes they go to church early and go off on a picnic.

What's behind the early to bed, early to rise program, church, cooking and consideration for the date's pocketbook?

"Why, an engagement ring," says one girl, looking surprised. "If you save his money he'll be able to afford one. If he notes that you can cook as well as his mother, sew, and do not have an antipathy to dish water and dust cloths and loathe spending money, he won't have too many questions to ask himself when he gets ready to propose."

There is no doubt that the trend to early marriage is slowing down the pace of young people.

Martin Heinrich Klaproth first identified uranium in 1789 while studying ores of the Jachymov silver mines of Bohemia.

You Need The Church-The Church Needs You

"LET YOUR LIGHT SO SHINE"

ST. MATTHEW said, "Let your light so shine before men, that they may see your good works, and glorify your Father which is in Heaven." Men must ever marvel at the wondrous light which beams from the cross on which He died. It is aglow today with the light of forgiving grace. It challenges the weak to walk by faith and offers pardon to those who fall at its foot.

IN MILLIONS of churches this week men of God will read from His guide book and offer from His word, ways to "let your light shine." In His Temples of Worship we may learn to pray the most gracious prayer, "Father, forgive them; they know not what they do." May the light of Jesus illumine your soul as it lights up the Cross on which he died.

You In The Church... The Church In You
Form a combination for good. We should attend church regularly. Every man, woman and child needs the influence of the CHURCH. Be faithful. Be a Churchman!

would rather save money for some special project.

A FAVORITE date is the old-fashioned one — the boy comes to the house to play piano, watch television or play games like Scrabble or Yahtzee, the new rage. Ice-cream and cookies or a sandwich may be eaten.

One girl says her beau helps her with the cooking every Sunday night and they have a wonderful time. Surprises are planned for the rest of the family who stay out of the way of the amateur chefs.

Young people go to bed earlier now on Saturday nights and get up earlier on Sundays. Sometimes they go to church early and go off on a picnic.

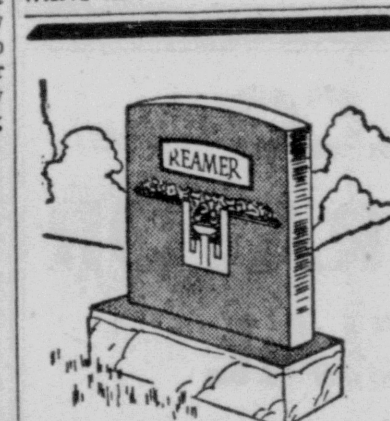

What's behind the early to bed, early to rise program, church, cooking and consideration for the date's pocketbook?

"Why, an engagement ring," says one girl, looking surprised. "If you save his money he'll be able to afford one. If he notes that you can cook as well as his mother, sew, and do not have an antipathy to dish water and dust cloths and loathe spending money, he won't have too many questions to ask himself when he gets ready to propose."

There is no doubt that the trend to early marriage is slowing down the pace of young people.

Martin Heinrich Klaproth first identified uranium in 1789 while studying ores of the Jachymov silver mines of Bohemia.

"LET YOUR LIGHT SO SHINE"

ST. MATTHEW said, "Let your light so shine before men, that they may see your good works, and glorify your Father which is in Heaven." Men must ever marvel at the wondrous light which beams from the cross on which He died. It is aglow today with the light of forgiving grace. It challenges the weak to walk by faith and offers pardon to those who fall at its foot.

IN MILLIONS of churches this week men of God will read from His guide book and offer from His word, ways to "let your light shine." In His Temples of Worship we may learn to pray the most gracious prayer, "Father, forgive them; they know not what they do." May the light of Jesus illumine your soul as it lights up the Cross on which He died.

Church Society Meets With Mrs. Paul Smith

Mrs. Paul Smith was hostess to the Woman's Christian Circle of the South Side Church of Christ for the monthly meeting Thursday evening.

Due to the absence of the president, Mrs. Thomas Willis, the vice-president, Mrs. Smith, presided at the short business meeting. The secretary's report was read by Mrs. Frank Creamer and the treasurer's report by Mrs. Kenneth Blair. Both were approved.

Mrs. John Frederick read a letter from the secretary of the Tennessee Christian Home for orphan children regarding an orphan girl the Circle has adopted to clothe this year.

Mrs. Creamer was the devotional leader for the evening and stressed Christian living. In her comments she left the thought to set affection on things above, and in everything strive to do the best. She closed the devotions with a prayer.

Following the pleasant social hour, the hostess served cooling refreshments. She was assisted by Mrs. Robert Kelley, Mrs. Frank Coulter, Mrs. Ralph Sigman, and Mrs. Claude Coulter.

Dior Now Shows 'Magnet Line'

PARIS (AP)—Christian Dior electrified Paris today with his new "magnet line," puffing out the hips and emphasizing the bust. Gasps and applause seemed to assure another "scandalous success," as the French call it. Unless the critics puncture it, Dior may have another New Look.

The magnet line rounds the shoulders, bust and hips, and often drops necklines daringly low. Skirts are wider at the hip than at the hem, being set-in in soft folds at the natural waistline.

Dior Now Shows 'Magnet Line'
PARIS (AP)—Christian Dior electrified Paris today with his new "magnet line," puffing out the hips and emphasizing the bust. Gasps and applause seemed to assure another "scandalous success," as the French call it. Dior may have another New Look. The magnet line rounds the shoulders, bust and hips, and often drops necklines daringly low. Skirts are wider at the hip than at the hem, being set-in in soft folds at the natural waistline.

Never Had It so Good

Braves Rolling Along With 5½-Game Lead In National League

By THE ASSOCIATED PRESS
The Milwaukee Braves never had it so good.

Since shifting their franchise from Boston in 1953, they've never enjoyed as much as a 5½-game lead in the National League. But that's what they have today, joining the Brooklyn Dodgers in a pair of five-game winning streaks that have reduced the pennant race to a two-team scrap.

There may be some dissenters among Cincinnati fans, but the Redlegs looked anything but healthy after losing three straight to the Dodgers. Brooklyn completed the sweep 5-3 Thursday, crumbling Cincinnati's hold on second place to a scant four percentage points and half a game.

Roger Craig six-hit the Redlegs for his 10th victory. Frank Robinson tagged him for his 23rd home run and Ted Kluszewski poled his 25th, breaking a tie with Duke Snider for the NL lead.

That gave the Braves, who again laid the wood to the last-place New York Giants 11-0, a six-game edge over Brooklyn — with a four-game series ahead in Ebbets Field beginning Monday. In the meantime, Milwaukee goes to Philadelphia and the Dodgers are at home to the Chicago Cubs for weekend series.

The sixth-place Phillies were thumped 14-9 by St. Louis Thursday night. The seventh-place Cubs lost to Pittsburgh 4-0.

In the American League, the New York Yankees must surely have convinced the Chicago White Sox this was another bomber year, defeating the Pale House 8-5 with 11 singles. In fact, about the only nonbeliever in the AL is Hank ("I expect the 1956 World Series to be played in Cleveland") Greenberg, whose second-place Indians made it six straight with a seven-inning 1-0 victory over Washington but still trail by 8½ games.

A 10th-inning home run by Ted Williams gave Boston a 5-3 decision over Kansas City. And Baltimore grabbed back a full share of fifth place from Detroit, beating the Tigers 11-6.

Races Dominated by Favorites

Big Fields Give Crowd Excitement

Bonny Willow won both dashes of the \$1,000 OCRA stake at the Fair here Thursday afternoon from a field of 12 others as good 2-year-old pacers as has been seen here in many a day.

The roan filly, owned by M. F. Morgan of Xenia and driven by Forrest Jones, stamped herself as one of the youngsters to watch by the way she won in the good time of 2:09.1 in the first dash and 2:09.3 in the second.

Forecaster, who had pressed her nearly all the way faltered in the stretch drive but had enough left to take second place in both dashes. Royal Heritage finished third in the first dash but was a distant seventh in the second. Senator Pete, who could do no better than sixth in the first dash, came with a rush to show in the second.

The \$1,000 stake for 3-year-old trotters was a two-horse race in

First Dash 2-year-old pace, \$1,000 OCRA stake. Trophy by Record-Herald. Bonny Willow (Jones) \$3.60; \$4.20 and \$2.20; Forecaster (G. Bock) \$3.40 and \$2.20; Royal Heritage (D. Moon) \$2.60. Also started Gold Mine, Debbie Tass, Senator Pete, Virginia's Dream, Cindymitte, Congalmitte, Aurora Byrd, Just Wonderful and Win Title. Time: 2:09.1.

Second Dash, 3-year-old trot, \$1,000 OCRA stake. Trophy by Sagor Dairy. Gladys Volo (Lighthill) \$2.90, \$2.20 and \$2.20; Haig Girl (Laymon) \$2.20 and \$2.20; Mary Ogle (Gordon) \$2.20. Also started: Circus Rose, Grand Margie, Robert Tempered, Miss Jed, Calway and Clancy O'Toole. Time: 2:10.3.

Third Dash, 30 class pace (first division). Purse \$450. Trophy by Fayette Limestone Co. Adios Hill (Boyer) \$3.20, \$2.60 and \$2.20; Scottish Light (Mace) \$7.80 and \$2.20; Sosolite (Barnes) \$2.40. Also started: Second Trip, Willie Lang, Erin Way and Peggy All Glow. Time: 2:10.5.

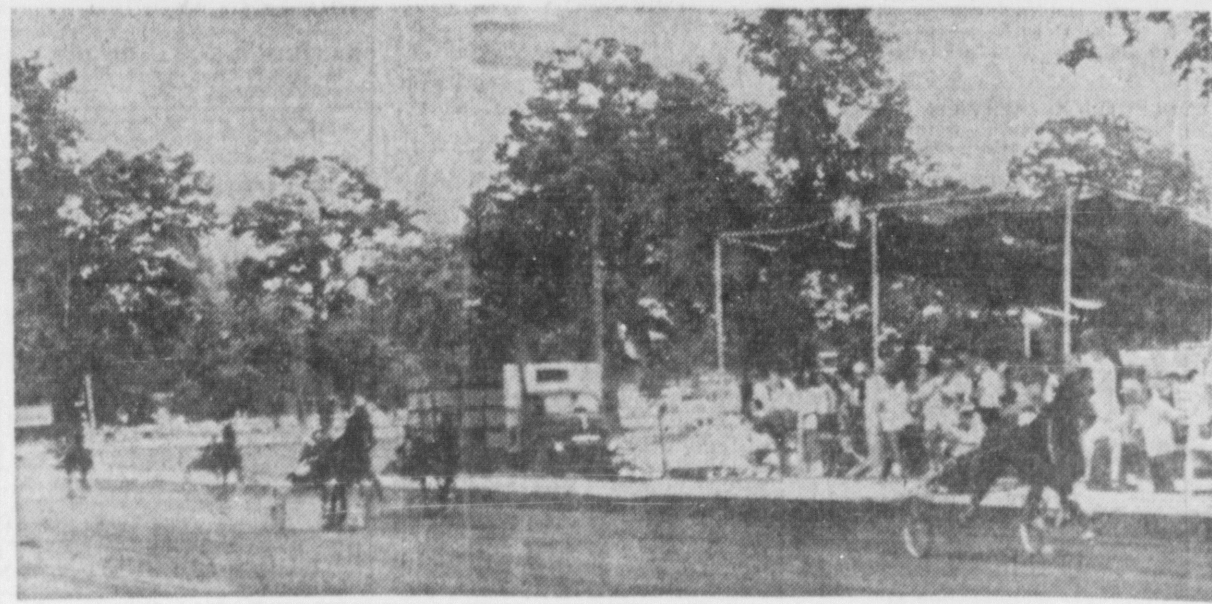

Fourth Dash 30 class pace (second division). Purse \$450. Trophy by Schorr's Jewelers. Sussie W (Morgan) \$4.40, \$3.40 and \$4.40; Vonian Aire (Norris) \$4.20 and \$3.40 and Sallie Direct (Fog) \$3.80. Also started Estella Abbe, Victory Champ, Lusty Lark, Scotty Nutonia and Cinnamon Direct. Time: 2:13.2.

Fifth Dash 2-year-old pace, \$1,000 OCRA stake. Bonny Willow (Jones) \$3, \$2.20 and \$2.20; Forecaster (Bock) \$2.20 and \$2.20; Senator Pete (Buxton) \$2.20. Also started Virginia's Dream, Debbie Tass, Gold Mine, Royal Heritage, Aurora Byrd, Cindymitte, Just Wonderful and Win Title. Time: 2:09.3.

Sixth Dash 3-year-old trot, \$1,000 OCRA stake. Gladys Volo (Lighthill) \$2.20, \$2.20 and \$2.20; Haig Girl (Laymon) \$2.20 and \$2.20; Mary Ogle (Gordon) \$2.20. Also started: Robert Tempered, Miss Jed, Clancy O'Toole, Grand Margie, Calway and Circus Rose. Time: 2:09.

Seventh Dash 30 class pace. (First division). Purse \$450. Scottish Light (Mace) \$6, \$3.40 and \$6.80; Sosolite (Barnes) \$10.40 and \$19.80 and Second Trip (Herman) \$4.80. Also started: Adios Hill, Willie Lang and Erin Way. Peggy All Glow did not finish. Time: 2:13.4.

Eighth Dash 30 class pace (second division). Purse \$450. Sussie W (Morgan) \$2.20, \$3 and \$2.40; Lusty Lark (Van Matre) \$4.40 and \$2.40 and Victory Champ (Zimmerman) \$7.40. Also started: Cinnamon Direct, Sallie Direct, Estella Abbe, Vonian Aire and Scott Nutonia. Time: 2:16.

GLADYS VOLO, driven by Joe Lighthill, wins the first dash of the \$1,000 stakes for 3-year old trotters all by herself. Haig Girl, driven by Harold Laymon of Washington C. H., who had been in hot contention most of the mile broke at the head of the stretch, but she finished second. (Record-Herald photo)

both dashes, but it had the crowd that nearly filled the grandstand on its feet yelling wildly.

GLADYS VOLO, owned by Melvin Eisert of Wapakoneta and driven by Joe Lighthill, took an early lead and held on despite pressure from Haig Girl. These two, battling it out almost head to head, stretched a gap of 10 to 15 lengths ahead of the rest of the field of 10 in the first dash. But just after they turned into the stretch for home Haig Girl broke and Gladys Volo went on to win by herself in 2:10.3. Haig Girl, however, was quickly flattened by her owner-driver, Harold Laymon of Washington C. H., and had little trouble in taking the No. 2 spot.

The second dash was almost a duplicate of the first with Gladys Volo and Haig Girl in a duel from the start. While it seemed unlikely that Haig Girl could overhaul the flying Gladys Volo, she broke again, this time right at the wire. The second dash was in 2:09 flat.

After the first two races (all four dashes) had been won by odds-on favorites, the first better-than-even-money returns in the mutuels came in the third race, the 30 class pace first division.

ADIOS HILL, driven by Eddie Boyer of Washington C. H., was a standout in the first dash as he went the mile in 2:10.1 and paid \$3.20, \$2.60 and \$2.20 across the board after leading all the way.

Scottish Light, owned by Frank Junk of Washington C. H. and driven by Jim Mace, was close behind Adios Hill to finish second. The bay filly paid \$7.80 to place and \$2.20 to show.

In spite of her performance in the first dash, she went at 2 to 1 in the second and won it handily to pay \$6, \$3.40 and \$6.80 in the mutuels.

Adios Hill broke in the second dash and was out of contention although she finished fourth. With her out, the mutuels went up on

the others. Sosolite paid \$10.40 to place and \$19.80 to show.

IN THE SECOND division of the 30 class pace, Sussie W took the top at the half and went on to win in 2:13.2 by two lengths, with Vonian Aire, owned by G. D. Baker's Belle Aire Farm and driven by Paul Norris, second.

Sussie W came back to win the second dash easily in 2:16. Lusty Lark, which had jumped off his chances in the first dash, was second.

Best mutuel return in this race was the \$7 Victory Champ paid to show in the second dash.

The grandstand was just about filled for the races and the fence was lined two and three deep much of the way around the half-mile oval.

In the grandstand for the first time in years was McKinley Kirk, one of Fayette County's leading harness horse breeders. Kirk, who trains and drives his own horses, has seen the races here from the barn or a sulky seat for many

years, but this year he saw them from the grandstand because he was injured in a spill at Grandview Oval about a month ago.

Ohio Girls To Vie For Tennis Crown

DAYTON (AP)—Two Ohio lasses will battle it out for the Western Girls Tennis Championship today. They are top-seeded Carolyn Wilkoff of Middletown and unranked Gwyneth Thomas of Shaker Heights.

Washington C. H., Pacer Wins at Cleveland

Amber Jerry, a 3-year-old pacer owned by Dr. James McCoy of Washington C. H., won a class DD race at Grandview Oval, near Cleveland, and returned \$9.80, \$5.20 and \$3.40 across the board in the mutuels.

Driven by Buck Norris, Amber Jerry paced the mile in 2:07.4.

Ladies Day Golfers Led by Mrs. McLean

The Fair and the women's tournament at Wilmington earlier in the week put a crimp in turnout for golf on this week's ladies day at the Country Club here.

Mrs. Willard McLean set the pace with a 51, but three others gave her no opportunity to relax. Mrs. Charles Buxton turned in a 52, Mrs. Ralph Bray a 54 and Mrs. John Petty a 55.

Mrs. Petty had 33 for the low net score and Mrs. Neil Helfrich was second with 34.

Four tied for putting honors with 14 apiece on the nine greens. They were Mrs. McLean, Mrs. Helfrich, Mrs. Roger Littleton and Mrs. Everett Waddell.

Mrs. Littleton had the most 7s and Mrs. Robert Hagerty the most 8s.

Mrs. William Wead won the blind bogey.

Net scores for the day were Mrs. Elmer Reed 43; Mrs. Mike Harrison 51; Mrs. Buxton 39; Mrs. Bray 34; Mrs. Hagerty 47; Mrs. Wead

45; Mrs. Littleton 38; Mrs. George Fox 41; Mrs. Howard Harper 49; Mrs. Waddell 40; Mrs. Marvin Roszmam 45 and Mrs. Byers Shaw 44.

Mrs. Reed and Mrs. Harper were the hostesses for the day and Mrs. McLean and Mrs. Helfrich are to be the hostesses for next week's affair.

Forecaster, who had pressed her nearly all the way faltered in the stretch drive but had enough left to take second place in both dashes. Royal Heritage finished third in the first dash but was a distant seventh in the second. Senator Pete, who could do no better than sixth in the first dash, came with a rush to show in the second.

The \$1,000 stake for 3-year-old trotters was a two-horse race in

First Dash 2-year-old pace, \$1,000 OCRA stake. Trophy by Record-Herald.
Bonny Willow (Jones) \$3.60; \$4.20 and \$2.20; Forecaster (G. Bock) \$3.40 and \$2.60; Royal Heritage (D. Moon) \$2.60. Also started: Gold Mine, Debbie Tass, Senator Pete, Virginia's Dream, Cindymite, Congalente, Aurora Byrd, Just Wonderful and Win Tite. Time: 2:09.1.

Second Dash 3-year-old trot, \$1,000 OCRA stake. Trophy by Sagar Dairy.
Gladys Volo (Lighthill) \$2.90, \$2.20 and \$2.20; Haig Girl (Laymon) \$2.20 and \$2.20; Mary Ogle (Gordon) \$2.20. Also started: Circus Rose, Grand Margie, Robert Tempered, Miss Jed, Calaway and Clancy O'Toole. Time: 2:10.3.

Third Dash 30 class pace (first division). Purse \$450. Trophy by Fayette Limestone Co.
Adios Hill (Boyer) \$3.20, \$2.60 and \$2.20; Scottish Light (Mace) \$7.80 and \$2.20; Sossolite (Barnes) \$2.40. Also started: Second Trip, Willie L. and Erin Way and Peggy All Glow. Time: 2:10.5.

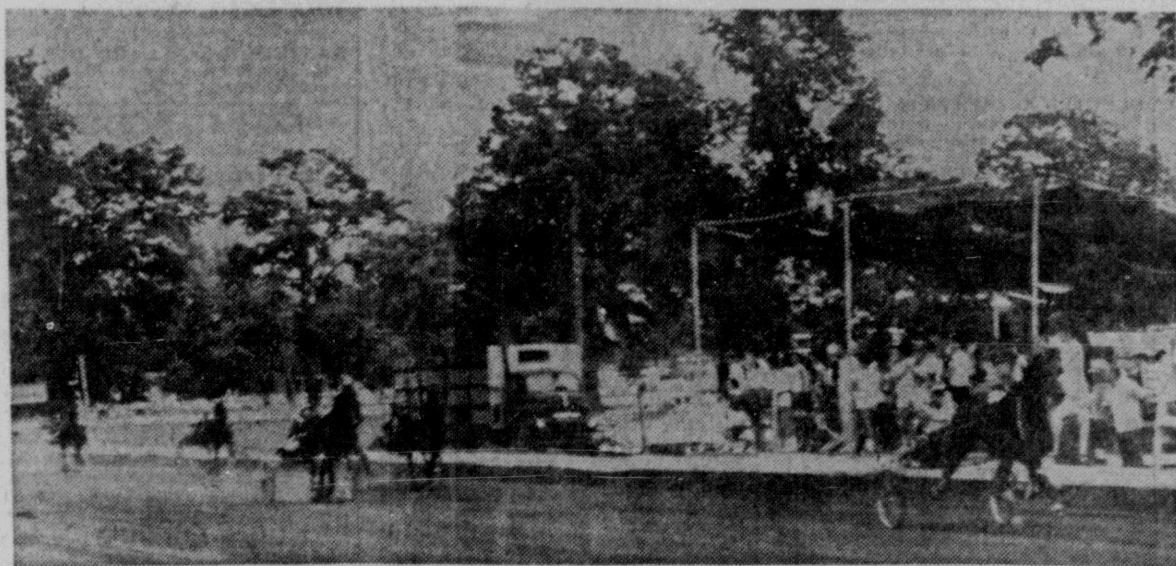

Fourth Dash 30 class pace (second division). Purse \$450. Trophy by Schorr's Jewelers.
Sussie W (Morgan) \$6.40, \$5.40 and \$4.40; Vonian Aire (Norris) \$4.20 and \$3.40 and Sattle Direct (Fogt) \$3.80. Also started: Estella Abbe, Victory Champ, Lusty Lark, Scotty Nutonia and Cinnamon Direct. Time: 2:13.2.

Fifth Dash 2-year-old pace, \$1,000 OCRA stake.
Bonny Willow (Jones) \$3, \$2.20 and \$2.20; Forecaster (Bock) \$2.20 and \$2.20 and Senator Pete (Buxton) \$2.20. Also started: Virginia's Dream, Debbie Tass, Gold Mine, Royal Heritage, Aurora Byrd, Cindymite, Just Wonderful and Win Tite. Time: 2:09.3.

Sixth Dash 3-year-old trot, \$1,000 OCRA stake.
Gladys Volo (Lighthill) \$2.20, \$2.20 and \$2.20; Haig Girl (Laymon) \$2.20 and \$2.20 and Mary Ogle (Gordon) \$2.20. Also started: Robert Tempered, Miss Jed, Clancy O'Toole, Grand Margie, Calaway and Circus Rose. Time: 2:10.9.

Seventh Dash 30 class pace (first division). Purse \$450.
Scottish Light (Mace) \$6, \$3.40 and \$6.80; Sossolite (Barnes) \$10.40 and \$19.80 and Second Trip (Henman) \$4.80. Also started: Adios Hill, Willie Lang and Erin Way. Peggy All Glow did not finish. Time: 2:15.4.

Eighth Dash 30 class pace (second division). Purse \$450.
Sussie W (Morgan) \$3.20, \$3 and \$3.40; Lusty Lark (Van Matre) \$4.40 and \$2.40 and Victory Champ (Zimmerman) \$7.40. Also started: Cinnamon Direct, Sattle Direct, Estella Abbe, Vonian Aire and Scott Nutonia. Time: 2:16.

GLADYS VOLO, driven by Joe Lighthill, wins the first dash of the \$1,000 stakes for 3-year-old trotters all by herself. Haig Girl, driven by Harold Laymon of Washington C. H., who had been in hot contention most of the mile broke at the head of the stretch, but she finished second. (Record-Herald photo)

both dashes, but it had the crowd that nearly filled the grandstand on its feet yelling wildly.

GLADYS VOLO, owned by Melvin Eisert of Wapakoneta and driven by Joe Lighthill, took an early lead and held on despite pressure from Haig Girl. These two, battling it out almost head to head, stretched a gap of 10 to 15 lengths ahead of the rest of the field of 10 in the first dash. But just after they turned into the stretch for home Haig Girl broke and Gladys Volo went on to win by herself in 2:10.3. Haig Girl, however, was quickly flattened by her owner-driver, Harold Laymon of Washington C. H., and had little trouble in taking the No. 2 spot.

The second dash was almost a duplicate of the first with Gladys Volo and Haig Girl in a duel from the start. While it seemed unlikely that Haig Girl could overhaul the flying Gladys Volo, she broke again, this time right at the wire. The second dash was in 2:09 flat.

After the first two races (all four dashes) had been won by odds-on favorites, the first better-than-even-money returns in the mutuels came in the third race, the 30 class pace first division.

ADIOS HILL, driven by Eddie Boyer of Washington C. H., was a standout in the first dash as he went the mile in 2:10.1 and paid \$3.20, \$2.60 and \$2.20 across the board after leading all the way.

Scottish Light, owned by Frank Junk of Washington C. H. and driven by Jim Mace, was close behind Adios Hill to finish second. The bay filly paid \$7.80 to place and \$2.20 to show.

In spite of her performance in the first dash, she went at 2 to 1 in the second and won it handily to pay \$6, \$3.40 and \$6.80 in the mutuels.

Adios Hill broke in the second dash and was out of contention although she finished fourth. With her out, the mutuels went up on

the others. Sossolite paid \$10.40 to place and \$19.80 to show.

IN THE SECOND division of the 30 class pace, Sussie W took the top at the half and went on to win in 2:13.2 by two lengths, with Vonian Aire, owned by G. D. Baker's Belle Aire Farm and driven by Paul Norris, second.

Sussie W came back to win the second dash easily in 2:16. Lusty Lark, which had jumped off his chances in the first dash, was second.

Best mutuel return in this race was the \$7 Victory Champ paid to show in the second dash.

The grandstand was just about filled for the races and the fence was lined two and three deep much of the way around the half-mile oval.

In the grandstand for the first time in years was McKinley Kirk, one of Fayette County's leading harness horse breeders. Kirk, who trains and drives his own horses, has seen the races here from the barn or a sulky seat for many

years, but this year he saw them from the grandstand because he was injured in a spill at Grandview Oval about a month ago.

Ohio Girls To Vie For Tennis Crown

DAYTON (U)—Two Ohio lasses will battle it out for the Western Girls Tennis Championship today. They are top-seeded Carolyn Wilkoff of Middletown and unranked Gwyneth Thomas of Shaker Heights.

Washington C. H., Pacer Wins at Cleveland

Amber Jerry, a 3-year-old pacer owned by Dr. James McCoy of Washington C. H., won a class DD race at Grandview Oval, near Cleveland, and returned \$9.80, \$5.20 and \$3.40 across the board in the mutuels.

Driven by Buck Norris, Amber Jerry paced the mile in 2:07.4.

More loadspace for your money! Ford's F-100 Pickups now offered in two body lengths. New 8-foot box on 118-inch wheelbase gives up to 19 cu. ft. more capacity than any other half-tonner. Regular 6½-foot box on 110-inch wheelbase is one of roomiest in its class with a full 45 cu. ft. capacity. New 2-stage rear springs give smooth ride, loaded or light.

LOOKING FOR THE
LOWEST-COST TRUCK?

Take a tip from the men who buy trucks every year!

The big truck fleets buy more Fords than any other make!

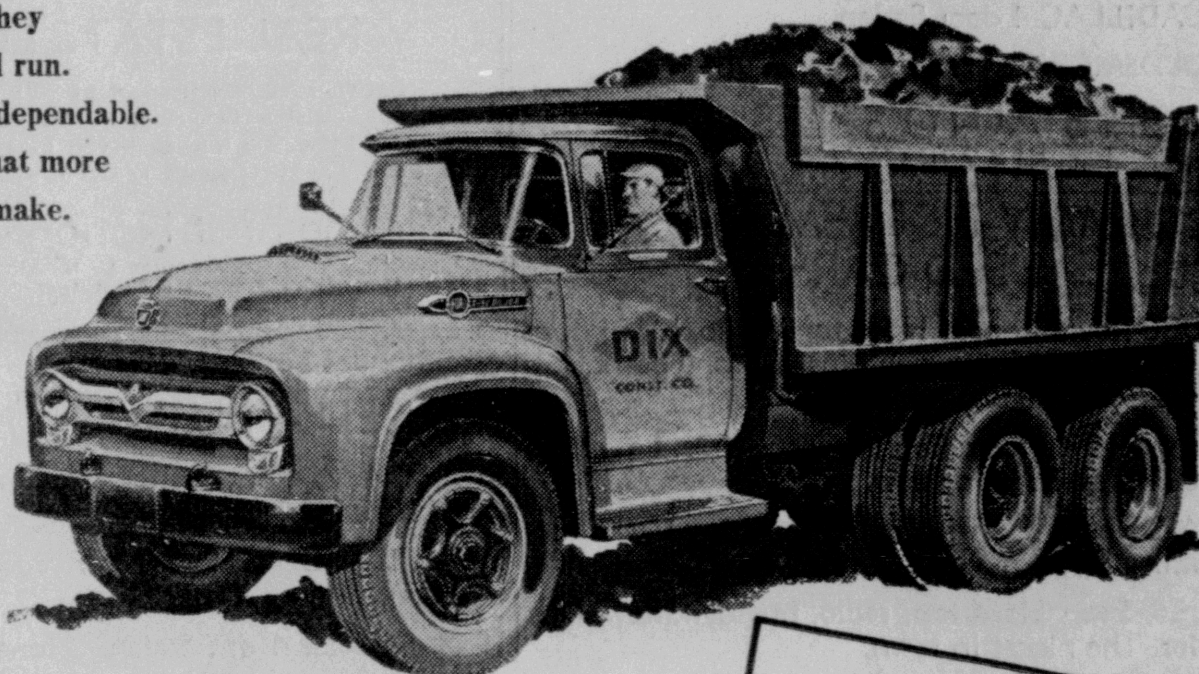

The big fleets have the cost records. They know which trucks cost less to buy and run. They know which trucks are the most dependable. And official registration figures show that more big fleets choose Ford than any other make.

When you decide to go Ford, you certainly get comforting assurance that you've picked the right truck!

Low truck costs are just as important to big fleet users as they are to you. And, when fleet buyers favor Ford, you can be sure they've checked all cost factors. You can be sure they've found that Ford trucks cost less.

First cost is low. Resale values are high. Ford's modern Short Stroke engines keep running costs down. And a 10-million truck study proves that Ford trucks last longer.

See your Ford Dealer soon. Buy with confidence, drive with confidence, and SAVE with confidence.

Ford's rugged T-800 is a real money-maker! Choose from two heavy-duty V-8's, developing 200 and 212 horsepower. Both are equipped with sodium-cooled exhaust valves that last as much as five times longer! Power steering and tachometer standard at no extra cost.

Come in
and see us
NOW!

Ford Trucks cost less - last longer

Using latest registration data on 10,502,351 trucks, life insurance experts prove Ford Trucks last longer.

Ladies Day Golfers Led by Mrs. McLean

The Fair and the women's tournament at Wilmington earlier in the week put a crimp in turnout for golf on this week's ladies day at the Country Club here.

Mrs. Willard McLean set the pace with a 51, but three others gave her no opportunity to relax. Mrs. Charles Buxton turned in a 52, Mrs. Ralph Bray a 54 and Mrs. John Petty a 55.

Mrs. Petty had 33 for the low net score and Mrs. Neil Helfrich was second with 34.

Four tied for putting honors with 14 apiece on the nine greens. They were Mrs. McLean, Mrs. Helfrich, Mrs. Roger Littleton and Mrs. Everett Waddell.

Mrs. Littleton had the most 7s and Mrs. Robert Hagerty the most 8s.

Mrs. William Wead won the blind bogey.

Net scores for the day were Mrs. Elmer Reed 43; Mrs. Mike Harrison 51; Mrs. Buxton 39; Mrs. Bray 34; Mrs. Hagerty 47; Mrs. Wead

45; Mrs. Littleton 38; Mrs. George Fox 41; Mrs. Howard Harper 49; Mrs. Waddell 40; Mrs. Marvin Roszmam 45 and Mrs. Byers Shaw 44.

Mrs. Reed and Mrs. Harper were the hostesses for the day and Mrs. McLean and Mrs. Helfrich are to be the hostesses for next week's affair.

Ousted Teacher's Request Studied

MCCONNELSVILLE, Ohio.—The Deavertown School Board has taken under advisement a motion by board counsel A. Bernard Mercer to dismiss a request for reinstatement brought by ousted high school teacher Jack W. Eberle.

Eberle was first last March for paddling five girl pupils, teaching Bible in class and failing to perform assigned coaching duties. The motion to dismiss was made after Eberle failed to appear at a hearing at nearby Deavertown Thursday. He reportedly failed to return from summer classes at Ohio University in time to attend the session. The school board has been holding hearings in the case since April 18.

The Keep America Green program was organized in Washington state in 1940.

Shorthorn Is Grand Champion

Junior Livestock Awards Are Made

Championships were awarded and all other entries in the dairy cattle, beef breeding cattle and sheep breeding cattle shows at the Junior Fair this year and, as is customary, the other entries were graded, rather than placed, by the judges.

The grand championship of the beef cattle show went to a Shorthorn steer owned and shown by Jerry Hoppes. All eyes will be focused on it when it goes on the auction block at Friday night's sale, one of the features of the Fair every year.

In the dairy cattle show, Jimmy Klever took both the champion and reserve champion awards in the Holstein division.

Mary Recob also made a similar clean sweep of the championships in the Guernsey division, but in the Jersey division, Sue Blair's entry won the championship and the one by Ronnie Burke took the reserve championship.

IN THE BEEF breeding cattle show, Karla Gorman was declared the senior champion showman and Jerry Hoppes the junior champion showman.

Barbara Kneisley's entry won the championship of the show and Pat Scott's took the reserve championship.

In the heavyweight steer class, Rita Miller had the champion steer and the reserve grand champion of the entire show. Bob Rife took the reserve championship of the class.

Jerry Hoppes' grand champion of the cattle show also won the championship of the Shorthorn class and Roger Bonham's took the reserve championship.

Marsha Craig took the championship of the Angus class and Rita Miller the reserve champion with their entries.

In the sheep show, Don Creamer won a Corriedale ewe lamb put up by Willard Bloomer and Jane Mossbarger took the junior showmanship honors.

A Montadale ewe lamb, given by Walter Thompson, was won by Donnie Bonham for having the best market lamb in the show by an exhibitor under 14 years old.

Senior showmanship honors went to George Iden.

Ohio Farmers Slow Signing For Soil Bank

(Continued from Page One)
ing about putting their soil bank money into lime and fertilizer for the acres they contribute to the bank. Others are looking forward to the chance to get rid of the Johnson grass, a weed pest which has invaded many Ohio fields.

This year's wet weather has induced many Ohio farmers to go along with the plan this year.

As Lawrence Shriver of the Hancock county office of the Agricultural Stabilization and Conservation Committee (ASC) quotes one farmer:

"My crop of corn isn't coming along too well. I might as well put it into the soil bank and make some money on it."

On the other side of the fence, Shriver quotes another farmer: "Why don't those boys down in Washington tend to their own business and let me do my farming here in Ohio, like I want."

Under present Agriculture Department plans, government money will start rolling out to soil bank participants early this month. Payments will be made for the withdrawal of land from production of such basic crops as corn, wheat, peanuts, rice, cotton and tobacco.

Farmers who produce these crops—in Ohio's case, corn and wheat—for their own use only are not eligible to participate in the bank. From southeastern Ohio, farmers in the Athens area are reported "unhappy" that the program covers only commercial growers. That area of Ohio is not commercial crop country.

By areas, this is how Ohio farmers are reacting to the soil bank program:

Pickaway County—About 25 per cent of eligible farmers are participating with an estimated average contribution to the bank of 10 acres. Lateness of plan and scarcity of eligible acres cut into size of potential participating group this year, but many farmers plan to sign up in 1957.

Ross County—About 40 per cent of eligibles, owning about half of the county's crop land, joined in the soil bank plan. Much of the land already had produced a hay crop this year. Many participating farmers believe the plan is a lifesaver this year; crops are off, but taxes must be paid and equipment standards must be kept high. In short, they need the money.

Fayette County—Reluctance to plow under growing crops kept participation down to about 6 per cent and affected acreage to 1 per cent or less. Outlook for 1957 participation: Much higher.

SOUTHWEST OHIO
Clinton County—Some 275 farmers—about 15 per cent of Clinton County's total—are participating in the soil bank. Payments are expected to be about \$135,000 for some 3,000 acres in the reserve. Participation, says ASC officials, is better than expected. A number of farmers who believed the soil bank plan would be of little or no help to them are reported to have discovered it aids them beyond their expectations, especially since the wheat crop is below average.

Hamilton County—Slightly more than 4 per cent of the county's farmers signed up. Many already had more than their limit of corn in the ground at the time the soil bank program opened. Others, because of intensive farming, did not have a vacant field this year to introduce the program.

Firemen Respond To Pair of Alarms

Firemen were summoned to the rear of 701 Blackstone Ave., Thursday about noon, where fire had started in baled straw and was licking up the side of a trailer. Cause of the fire was recorded as unknown, but children playing with matches were suspected, firemen reported. Isaac Bennett occupies the property.

At 3:25 a. m. Friday firemen were called to 609 Fourth St., where fire was burning furiously in the interior of an automobile owned by Shelvin Hart. Most of the upholstery and plastic trim were burned and windows broken from the car doors. Cause of fire not known.

Vote Test Asked

PARIS (R)—Premier Guy Mollet asked the National Assembly today for a vote of confidence to support a plan to help pay for France's campaign against rebels in Algeria by floating a loan and boosting taxes.

2 Men Are Sentenced For Breaking in Car

Two men who were arrested early Thursday by Deputy Sheriff Charles Hays, after five gallons of gas had been stolen from Gerald Roberts of the Miami Trace Rd., a short time before, were before Judge Max G. Dice at the Friday session of Municipal Court.

Sheriff Orland Hays filed identical charges against them, Ephraim Alltop Jr., Broadway, and Virgil Boggs, John St., city, for breaking the glass of a ventilator and a glove compartment in a motor vehicle.

Each pleaded guilty to the charge.

Alltop was fined \$100 and costs and sentenced to 60 days in the workhouse.

Boggs was fined \$50 and costs and given 30 days in jail, but the sentence was suspended providing he obtains a job and keeps out of trouble for six months.

The two men were apprehended after their car was seen parked along the Miami Trace Rd., and they had driven into the city with a five-gallon can of gasoline stolen from Roberts, Sheriff Hays said.

Thurman Apders, city, on a charge of striking Paulene Anders, was fined \$10 and costs.

Quenton Butcher, for assaulting John Joseph, of White Oak, drew the costs.

John A. McDermott, Miami, Fla., was arrested on a driving while drunk charge but his hearing will be held later.

Melvin Leon Kennison, Lucasville, for permitting an unlicensed

2 Men Are Sentenced For Breaking in Car

Two men who were arrested early Thursday by Deputy Sheriff Charles Hays, after five gallons of gas had been stolen from Gerald Roberts of the Miami Trace Rd., a short time before, were before Judge Max G. Dice at the Friday session of Municipal Court.

Sheriff Orland Hays filed identical charges against them, Ephraim Alltop Jr., Broadway, and Virgil Boggs, John St., city, for breaking the glass of a ventilator and a glove compartment in a motor vehicle.

Each pleaded guilty to the charge.

Alltop was fined \$100 and costs and sentenced to 60 days in the workhouse.

Boggs was fined \$50 and costs and given 30 days in jail, but the sentence was suspended providing he obtains a job and keeps out of trouble for six months.

The two men were apprehended after their car was seen parked along the Miami Trace Rd., and they had driven into the city with a five-gallon can of gasoline stolen from Roberts, Sheriff Hays said.

Thurman Anders, city, on a charge of striking Paulene Anders, was fined \$10 and costs.

Quenton Butcher, for assaulting John Joseph, of White Oak, drew the costs.

John A. McDermott, Miami, Fla., was arrested on a driving while drunk charge but his hearing will be held later.

Melvin Leon Kennison, Lucasville, for permitting an unlicensed

driver operate his motor vehicle, forfeited \$25 bond.

Pauline Kennison, charged with reckless operation, forfeited \$20 bond and for having no operator's license, forfeited \$50 bond.

The following persons forfeited bonds ranging from \$15 to \$30 on charges of speeding on Columbus Ave. Thursday:

Ralph L. Hill, Lockland; William Stiffler, Bedford, Pa.; Joseph Randolph, Columbus; Kenneth Harper, Akron, and Francis Howard, Bexley.

Irwin Laudeback, 50, Hillsboro, disorderly conduct, forfeited \$25 bond.

Louis Haner, Bronx, N. Y., failed to appear on a charge of running a red light and forfeited \$15 bond.

Jack Kochman, Patterson, N. J., forfeited \$15 bail posted for running a red light.
